

1. People

We've hired and onboarded a manager-level VA who is able to efficiently shop for Upline so that it does not become a founder bottleneck.

#	Key result	Owner	By
1.1	Manager-level VA hired <i>Hired as someone who can later hire, onboard, train, and manage additional VAs</i>	Davie	Oct 7 (ASAP)
1.2	VA successfully operating. <i>Meaning they know the Upline process, pulls original customer info from the AMS, shops 3 carriers within 1-2 business days, gets accurate and trusted results to us via email.</i>	Davie	Nov 6
1.3	Onboarding and logistics in place. <i>This includes: Gusto or equivalent setup, security and permissions, an IT plan, and a written onboarding process.</i>	Austin	Oct 7

2. Capital

Get \$250k in verbal commitments by the end of the year.

#	Key result	Owner	By
2.1	Pitch deck, data room, and term sheet created to send post-conversation with potential investors	JV	Sept 27

2.2	25% progress against a \$1M raise.	JV	Dec 31
2.3	SVR is created.	JV/Mike	Oct 7

3. Customers

Get 30 of the right agencies contracted, with at least 3 live on the product.

#	Key result	Owner	By
3.1	120 demos booked	Davie	Nov 30
3.2	30 contracted/signed	Davie	Dec 31
3.3	At least 3 (shopping agencies) onboarded onto the live MVP	Ashley	Dec 31
3.4	Upline paperwork finalized and ready for our first contract.	Mike	Oct 6

4. Product

Put a product in the world an agent will actually use, and an admin experience so the Upline team can manage it.

#	Key result	Owner	By
4.1	Sellable agent experience is live and usable for our first customers. <i>Includes: renewal queue, outreach emails, questionnaires, a place for shopping results, policyholder proposal/recommendation.</i> <i>Needs-binding is visible</i>	Doug	Nov 6

4.2	Upline admin established and working. <i>Needs to be enough to onboard paying customers and for VAs to do the policyholder management and shopping work.</i>	Ashley + Doug	Nov 6
4.3	Clickable Demo created and used by sales team	Ashley	Oct 1
4.4	Design customer (<i>pilot customer 3</i>) is chosen, setup, onboarded, and using some version of Upline	Mike/JV	Oct 19
